

Policy Type: Academic Policy

Title: Early College Program Policy

Effective: May 20th, 2026

Purpose

The purpose of this Early College Program Policy is to establish general expectations, responsibilities, and procedures for Custom Class Charter School (“Custom Class”) in a manner consistent with applicable law, Utah State Board of Education rule, and the school’s flexible instructional model.

1. General Policy Statement

Custom Class adopts this policy to support lawful, safe, effective, and mission-aligned school operations. The Governing Board authorizes school administration to implement this policy through procedures, forms, training, and operational practices that are appropriate for Custom Class’s online, hybrid, community-based, and in-person programs.

This policy is intended to be applied flexibly and reasonably. When operational details are not specifically stated in this policy, school administration may establish procedures consistent with the policy, applicable law, and Board direction.

2. Early College Opportunities

Custom Class may offer or facilitate early college opportunities, including concurrent enrollment, dual enrollment, early college coursework, technical college coursework, industry credentials, or other postsecondary pathways when available and appropriate for the student.

Participation may depend on student readiness, parent consent, course availability, partner requirements, funding eligibility, transportation, technology access, and compliance with applicable law.

3. Advising and Records

Custom Class may provide advising to help students and families understand credit transfer, costs, prerequisites, grades, transcripts, and pathway implications. The school shall maintain records necessary for reporting and credit recognition.

Administration and Review

School administration may maintain procedures, forms, training materials, agreements, and internal guidance necessary to implement this policy. The Governing Board may review and revise this policy periodically to reflect legal updates, USBE guidance, operational needs, or Board direction.

Nothing in this policy creates a private right of action, contract right, or entitlement beyond that required by applicable law. If any provision conflicts with controlling law, the law shall govern and the remaining provisions shall continue in effect.
