Title: Foods Sold Outside of the Reimbursable Meal Service Policy

Effective: May 20th, 2026

Purpose

The purpose of this Foods Sold Outside of the Reimbursable Meal Service Policy is to establish general expectations, responsibilities, and procedures for Custom Class Charter School (“Custom Class”) in a manner consistent with applicable law, Utah State Board of Education rule, and the school’s flexible instructional model.

1. General Policy Statement

Custom Class adopts this policy to support lawful, safe, effective, and mission-aligned school operations. The Governing Board authorizes school administration to implement this policy through procedures, forms, training, and operational practices that are appropriate for Custom Class’s online, hybrid, community-based, and in-person programs.

This policy is intended to be applied flexibly and reasonably. When operational details are not specifically stated in this policy, school administration may establish procedures consistent with the policy, applicable law, and Board direction.

2. Foods Sold Outside Meal Service

If Custom Class sells food or beverages outside of a reimbursable meal service, the school shall comply with applicable nutrition standards, vending requirements, fundraising limitations, timing restrictions, and health requirements.

This policy applies to school stores, vending, concessions, fundraisers, events, and other food sales sponsored or controlled by the school when subject to law.

3. Administration

School administration may approve food sales, maintain records, communicate restrictions to staff and families, and coordinate with food service providers when applicable.

Administration and Review

School administration may maintain procedures, forms, training materials, agreements, and internal guidance necessary to implement this policy. The Governing Board may review and revise this policy periodically to reflect legal updates, USBE guidance, operational needs, or Board direction.

Nothing in this policy creates a private right of action, contract right, or entitlement beyond that required by applicable law. If any provision conflicts with controlling law, the law shall govern and the remaining provisions shall continue in effect.
