

Policy Type: Student Health Policy

Title: Health and Welfare Policy

Effective: May 20th, 2026

Purpose

The purpose of this Health and Welfare Policy is to establish general expectations, responsibilities, and procedures for Custom Class Charter School (“Custom Class”) in a manner consistent with applicable law, Utah State Board of Education rule, and the school’s flexible instructional model.

1. General Policy Statement

Custom Class adopts this policy to support lawful, safe, effective, and mission-aligned school operations. The Governing Board authorizes school administration to implement this policy through procedures, forms, training, and operational practices that are appropriate for Custom Class’s online, hybrid, community-based, and in-person programs.

This policy is intended to be applied flexibly and reasonably. When operational details are not specifically stated in this policy, school administration may establish procedures consistent with the policy, applicable law, and Board direction.

2. Health and Welfare Communications

Custom Class employees shall not improperly recommend that a student use psychotropic medication, receive a psychiatric or psychological treatment, or be evaluated or treated for a mental health concern except as permitted by law and within the employee’s professional role.

Nothing in this policy prohibits appropriate communication with parents regarding observable student behavior, academic or functional concerns, safety concerns, referrals to school or community resources, or emergency action when a student may be at risk of harm.

3. Parent Rights and Safety

Custom Class shall respect parent rights regarding student health and welfare while also complying with mandatory reporting, student safety, disability, and emergency obligations.

Administration and Review

School administration may maintain procedures, forms, training materials, agreements, and internal guidance necessary to implement this policy. The Governing Board may review and revise this policy periodically to reflect legal updates, USBE guidance, operational needs, or Board direction.

Nothing in this policy creates a private right of action, contract right, or entitlement beyond that required by applicable law. If any provision conflicts with controlling law, the law shall govern and the remaining provisions shall continue in effect.
