Title: Out of School Time Programs Policy

Effective: May 20th, 2026

Purpose

The purpose of this Out of School Time Programs Policy is to establish general expectations, responsibilities, and procedures for Custom Class Charter School (“Custom Class”) in a manner consistent with applicable law, Utah State Board of Education rule, and the school’s flexible instructional model.

1. General Policy Statement

Custom Class adopts this policy to support lawful, safe, effective, and mission-aligned school operations. The Governing Board authorizes school administration to implement this policy through procedures, forms, training, and operational practices that are appropriate for Custom Class’s online, hybrid, community-based, and in-person programs.

This policy is intended to be applied flexibly and reasonably. When operational details are not specifically stated in this policy, school administration may establish procedures consistent with the policy, applicable law, and Board direction.

2. Out-of-School Time Programs

If Custom Class provides out-of-school time programs at their facilities with their staff, the school shall maintain procedures for participant safety, supervision, staff qualifications, parent permission, health needs, emergency procedures, transportation, and program expectations.

Programs may include tutoring, enrichment, clubs, mentoring, maker activities, academic support, or community-based learning outside regular instructional time.

3. Health, Safety, and Transportation

Custom Class may establish check-in/check-out procedures, supervision ratios, incident reporting, medication procedures, facility rules, and transportation requirements appropriate to each program.

Administration and Review

School administration may maintain procedures, forms, training materials, agreements, and internal guidance necessary to implement this policy. The Governing Board may review and revise this policy periodically to reflect legal updates, USBE guidance, operational needs, or Board direction.

Nothing in this policy creates a private right of action, contract right, or entitlement beyond that required by applicable law. If any provision conflicts with controlling law, the law shall govern and the remaining provisions shall continue in effect.
