Title: Plan for College and Career Readiness Implementation Policy

Effective: May 20th, 2026

Purpose

The purpose of this Plan for College and Career Readiness Implementation Policy is to establish general expectations, responsibilities, and procedures for Custom Class Charter School (“Custom Class”) in a manner consistent with applicable law, Utah State Board of Education rule, and the school’s flexible instructional model.

1. General Policy Statement

Custom Class adopts this policy to support lawful, safe, effective, and mission-aligned school operations. The Governing Board authorizes school administration to implement this policy through procedures, forms, training, and operational practices that are appropriate for Custom Class’s online, hybrid, community-based, and in-person programs.

This policy is intended to be applied flexibly and reasonably. When operational details are not specifically stated in this policy, school administration may establish procedures consistent with the policy, applicable law, and Board direction.

2. College and Career Readiness Planning

Custom Class shall support students in developing college and career readiness plans appropriate to age, grade level, graduation goals, family priorities, and postsecondary interests. Planning may include course planning, career exploration, durable skills development, mentoring, work-based learning, early college opportunities, and graduation pathway review.

3. Counseling Model and Funding

If Custom Class receives school counseling program funds or operates a program subject to the College and Career Readiness School Counseling Model, the school shall implement required elements, reporting, and evaluation procedures. The school may adapt delivery of services to its online, hybrid, and community-based model.

Administration and Review

School administration may maintain procedures, forms, training materials, agreements, and internal guidance necessary to implement this policy. The Governing Board may review and revise this policy periodically to reflect legal updates, USBE guidance, operational needs, or Board direction.

Nothing in this policy creates a private right of action, contract right, or entitlement beyond that required by applicable law. If any provision conflicts with controlling law, the law shall govern and the remaining provisions shall continue in effect.
